

“Aaron, You are the ultimate entertainer and a good man. From the house calls, to respecting Carly's wishes, to your eye for details and of course your boundless energy, you made the whole planning process and the bat mitzvah night a joy and success. Kudos to you, your sweet, amazing staff and all of your surprises like the " DJ off " with Mike and the gymnast/ break dancer after dinner. Thanks for playing mine and Brahm's song just when we needed some " couple time" in the hectic night. My 80 year old mom went on and on how great the music was and how she danced all night and my brother said it was the best party he was ever at. I forgot to give a shout out to your wonderful surprise singer/ keyboard player. He had my daughter's sixteen year old friends swooning. Great touch. I will give you a resounding recommendation whenever possible. I will miss working with you.”
