

“ Well, the dust has settled and the guests have all gone home so I wanted to take a moment to thank you once again for making sure that our simcha turned out to be better than we could have imagined. People are STILL telling me what a great time they had! Really. So thank you Aaron (and your tech and dance teams too) for your commitment, time, ideas, professionalism and energy - Marisa's bat mitzvah would not have been the same without your input. Feedback that I have been told was that there was something for everyone. The adults so appreciated the down time of piano playing and singing, the kids loved the game show and the dance sets were super fun for everyone! I don't think that we could have done any one thing better. It was truly a perfect night - and not just from my standards. So, thank you once again. I'm kind of sad that we're done with the bar/bat mitzvahs. But I'm sure that we will see you on the circuit, and perhaps even see Kyle in Virginia for the next Lubin event. Be well and I look forward to hearing of only great things for you and Bounce. ”
